ETHIOPIA MISSION

CAPACITY STATEMENT 2019

Program established in 1985

MISSION & MANDATE

Action Against Hunger has been operating in Ethiopia since 1985, meeting urgent humanitarian and development needs across the country. Ethiopia saw a significant increase in conflict-related displacement in 2018, with a near doubling of the internally displaced persons (IDPs), many of which have now returned or been displaced for the second time. The inter-communal conflict is limiting livelihood opportunities and restricting humanitarian access to local administration and communities. At the start of 2019, Ethiopia was hosting more than 900,000 refugees, many of whom reside in the Gambella and Somali regions.

OPERATIONAL PRESENCE

In Ethiopia we work in 5 Regions, 33 Woredas and 2 Refugee Camps

Kamashi
W. Welega
Addis Ababa
Gambella
Borena
Dire Dawa
W/E. Hararghe
Somali
Korahe
Shebelle
Wag Himra

143,000 Beneficiaries of Mental Health, Care Practices, Gender and Protection interventions.

465,051 People reached by Nutrition and Health programs.

138,171 Beneficiaries of our Food Security and Livelihoods

211,597 People reached by WASH interventions.

COUNTRY CAPACITY & PORTFOLIO

31 Implemented Projects

$18 Million Budget

611 Staff

OUR WORK IS EVIDENCE BASED

1 SQUEAC Surveys

4 SMART Surveys

OUR DONORS
NUTRITION AND HEALTH

TOTAL NUT & HEALTH BENEFICIARIES

465,051

We provide sustainable and life-saving Health & Nutritional interventions to vulnerable and underserved populations.

HEALTH FACILITIES COVERED

- 6 Zonal hospitals.
- 92 Health centres.
- 429 Health posts across areas of operation.

HEALTH SERVICES PROVIDED

- 295,481 Maternal & Child health beneficiaries.
- 138,403 Children under 5 treated for CMAM.
- 93% Cured Rate.

BENEFICIARY BREAKDOWN

- **Women and Girls Beneficiaries of Health & Nutrition interventions:** 279,031
- **Men and Boys Beneficiaries of Health & Nutrition interventions:** 186,020
- **Children under 5 Beneficiaries of Health & Nutrition interventions:** 241,889

NUTRITION INNOVATIONS

SMART PHONE TECHNOLOGY FOR REMOTE MONITORING

Provision of android Smart phones to health workers residing in (2 Woredas of 13 Kebeles) inaccessible health posts in Girawa and Bedeno Woredas of East Hararghe zone, Oromia Regional State, Ethiopia with the aim to enhance programme quality and data management skill through remote monitoring and supervision mechanisms.

Inaccessible health posts are able to receive technical support, and assistance remotely and consistently by government & project staff.

Fast and interactive data sharing & feedback mechanisms between health workers, supervisors & Action Against Hunger staff.

INFLUENCING ADVOCACY & PARTNERSHIPS

Improving policy environment that promotes IYCF practices and MUAC use by CHVs

Positioning Health and Nutrition Integration in Wag Himra & Borena.

Multisectoral Co-ordination

EVIDENCE GENERATION

- **SQUEAC Survey:** 1
- **SMART Surveys:** 4

ETHIOPIA MISSION

(+251) 911214044
Kirkos Sub-City, Woreda 02, H/No. 470

TOGETHER WE ARE WORKING TO END HUNGER, FOR EVERYONE, FOR GOOD.
TOTAL WASH BENEFICIARIES
We provide sustainable and life-saving food security and livelihood interventions to vulnerable and underserved populations.

WASH PREVENTION & RESPONSE

112,516
Number of WASH NFI kits distributed (including emergency kits and household water treatment kits)

14,112
Households received Emergency WASH NFI kits

174
Beneficiaries of WASH Trainings

SANITATION

1,949
1885 Latrines constructed through Community-Led Total Sanitation and 64 communal latrines.

98,727
Total number of beneficiaries of Hygiene Promotion via 1,028 sessions.

6
Villages declared Open Defecation Free

WATER PROJECTS

mWATER PLATFORM
Water points constructed and rehabilitated are being imported to web based platform mWater. This is expected to enable digital monitoring and evaluation of water points and management of data related to them.

WATER FACILITIES ACTIVITIES

9
Institutional Water Points harvesting installed in schools & health facilities reaching 8,009 beneficiaries.

+ 30
Community water points constructed or rehabilitated reaching 58,716 beneficiaries.

66,525
Total beneficiaries of Water Facilities (Community & Institutional)

WATER FILTRATION KITS
These are more sustainable than the "point of use" water treatment chemicals from a technical and economical point of view.
MENTAL HEALTH, CARE PRACTICES, GENDER & PROTECTION

143,000 TOTAL BENEFICIARIES
A gender sensitive approach to improving the nutrition, health, psychological well-being and protection of caregivers and children.

WE SUPPORT SERVICES IN THESE THREE CONTEXTS:

HOST COMMUNITIES
Working to support and protect local communities affected by conflict & displacement

DROUGHT-AFFECTED COMMUNITIES
Working to improve and increase resilience against further adversity

REFUGEE CAMPS
Working to protect pregnant and lactating mothers and their infants

MENTAL HEALTH, CARE PRACTICES, GENDER AND PROTECTION SERVICES

39,917 MAM & SAM beneficiaries of Care Practices Treatment, such as IYCF inclusive of Breastfeeding.

1,746 Beneficiaries of trainings on Care Practices and IYCF

5,430 Beneficiaries of Mental Health Care Practices Dignity Kits.

88,864 Mothers receiving support & awareness on child care practices to prevent malnutrition

10,086 Beneficiaries of Mental Health Interventions

MOTHER TO MOTHER SUPPORT GROUPS
Mother to Mother Support Groups in communities and refugee camps bring positive behavioral change to prevent the underlying causes of malnutrition and to improve the mental wellbeing of mothers and caregivers and their children.
ECONOMIC SUPPORT ACTIVITIES
We are creating opportunities for rural vulnerable youth and women Self-Help Groups (SHG) to develop the skills, knowledge and competencies that lead to a job, a small business opportunity & other economic activity for self-sufficiency through vocational & entrepreneurship training, provision of startup capital and linkage with financial sectors.

11,849 Beneficiaries of in kind, cash, or vouchers economic support activities totalling to $3093.

AGRICULTURAL SUPPORT

52,271 In kind fishery, livestock or veterinary donations.
47,965 Beneficiaries of multi-purpose cash distributions amounting to $902,453.
24,760 Beneficiaries of agricultural or agroforestry in-kind interventions amounting to $907,302.

Hydroponic Fodder
We continued supporting over 50 small-scale farmers for hydroponic fodder production to address their lack of land to grow feed for animals and their limited water resources. Short growth periods of 7-10 days allows them to get sustainable high quality yield, rich in vitamins, fibre, proteins and minerals.

INNOVATIONS

Fresh Food Voucher E-Card
The Red Rose platform for fresh food voucher distribution allows for real-time monitoring of transactions, more efficient distributions and price & purchase monitoring and data allowing Action Against Hunger to reduce possible abuse of the system.

INNOVATIONS

PUBLIC WORKS SUCH AS SOIL CONSERVATION, ROAD CONSTRUCTION OF POND REHABILITATION

505 Beneficiaries of Public Works such as road construction of pond rehabilitation.
3,109 Beneficiaries of Food Security & Livelihoods Trainings.
